IAFIEEC INDUSTRY DIGEST offers our members various intelligence-related online sources covering developments in the business sector. We select links and evaluate websites on the basis of editorial relevance for our audience.

We do not link to external sites in return for cash, services or any other consideration in kind. We link to sites purely on editorial merit. These will most often be free to access, but users may sometimes be asked to register or subscribe before viewing content.

External links are selected and reviewed when the page is published. However, IAFIEEC is not responsible for the content of external websites.

Some of the external links may be to websites which also offer commercial services, such as online purchases.

The inclusion of a link to an external website from IAFIEEC should not be understood to be an endorsement of that website or the site's owners (or their products/services).
